

Cost & Enrolment Details

Cost

The Shapland Swim School at Warner, like all Shapland Swim Schools, runs a seamless learn to swim program so you never have to rebook your spot. It is for that reason we charge a set monthly fee. You have the option of paying per month at a rate of \$67.20 per month or pay for a three months block at \$62.80 per month. There is a \$62.80 per family (not per child) enrolment fee/deposit when first you enter the learn to swim program. This money is always held as a credit against your account and when your child has reached their swimming lesson goals and it is time to move on then you can use this fee as payment against your child's last month's swimming lessons.

\$67.20 per month if you pay monthly

\$62.80 per month if you pay three (3) monthly

Free make up system

Provided you let us know prior to 8.00 am on the morning of the lesson you will not be attending your swimming lesson then you are entitled to make that lesson up without charge. History has shown us that the most effective way to organize your child's make up swimming lesson is for you to phone the swim school on the morning of the day you can come to the swim school. Over the years we have found that once you break your child's swimming lesson routine (come at a different day and time for a make up lesson) it is very easy to forget the make up swimming lessons' time and day. So it is swim school policy not to give out make up lessons in advance and the swim school relies on you to phone on the day you can make up your child's swimming lesson.

Heated pool

Water temperature of 32 degrees Celsius (all year round) is crucial for your child's comfort. Normally children have a low

percentage body fat and if the water is below 32 degrees Celsius then they start to feel the cold. Any parents who are in the water with their child will understand how important it is to feel comfortable in that environment.

Payment

You can pay by cheque or by using your credit card. We try to keep our cash payment to a minimum. Once you have enrolled in the swim school program then you will receive detailed instruction on how the payment and invoicing system works. You will find it a simple but effective system.

Why not contact us now - Booking Enquiries

If you follow the Booking Enquiries link you will be able to send relevant information to the swim school. Once the swim school has this information they will contact you to discuss a suitable time for your child to start their learn to swim experience. Remember being able to swim is a life long life saving skill so don't delay, contact us now. Top
